Declaration of Compliance

The Viatran Model 570 Pressure Transducer has been tested and certified by FM approvals as a Dual Seal, NEMA Type 4X (Indoor/Outdoor) enclosure. This is stated in Viatran's "Certificate of Compliance" document number 98NYCOFC Rev G.

With respect to NEMA document "NEMA Enclosure Types" published by:

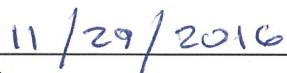

*National Electrical Manufacturers Association
1300 N. 17th Street, Suite 1752
Rosslyn, VA 22209
Approved by NEMA Enclosures Section
November 2005*

From Table A-1 "CONVERSION OF NEMA ENCLOSURE TYPE RATINGS TO IEC 60529 ENCLOSURE CLASSIFICATION DESIGNATIONS (IP)" it is shown that a **NEMA type 4X enclosure is equivalent to an IP66 designation.**

I declare the above product meets the essential requirements that are stated above.

Joel Neri
Engineering Manager
